Thinking Out Loud

By H. M. L.

Living among the trees as most of us do, it is difficult for us to see the forest. Granting that Nye, Lindbergh, Clark and Wheeler are sincere in their vociferous propest to further intervention by the United States in war, we must conclude that they only see part of the picture Or else—brand them as charlatans, fifth columnists, Schickelgruber henchmen or what not. While a great many people do think these men are moved by political reasons, or personal animus, not many are inclined to brand them as fifth columnists.

These non-interventionists, to speak of them politely, have been brushed aside, just as the old gray mare switches her tail and dislodges the flies along her ribs. The United States, if the House follows the action taken in the Senate, is going to deliver war materials to all friends of democracy the world over and the navy is going to protect the ships that do it. Freedom of the seas is fundamental to all other freedoms ,as both England and the United States have proved over some centuries.

This gives the Navy a big job to do, a task that will call our ships to all parts of the world, it well may be. But the Navy chiefs are not reflecting any of the hysteria that characterizes Washington, where debate is so often pointed with personal venom. To the Navy, it is perhaps, the biggest job it has ever tackled. If Japan should grow actively hostile in the Pacific, it will be the biggest job our fleets have ever undertaken. And the common run of citizens has implicit confidence in our Navy. It is one arm of our government that has never been neglected for long. The Navy will take the job in its stride.

What our non-interventionists fail to see is the fact that our right to traverse the sea is being questioned by both Japan, who objects to our delivering supplies to Russia at Vladivostok, and Germany who objects to our delivering supplies anywhere in Europe or Africa. Germany intends to prevent it and is already sinking our ships. Japan merely threatens, but the navy must be ready in event shooting begins in the Pacific.

Some of the critics of the President's foreign policy cry that we invite war by declaring that our ships shall sail wherever their errands take them. Sure we do. Better war than to be imprisoned within our coastal lines. No dynamic nation still building its high destiny on this planet can do less and hope to live as a free people. When we have again demonstrated our right to freedom of the seas, as we shall, will be time enough to decide how we shall exercise that right. However, we do not believe any government at Washington would ever seek to abridge the right of any other nation to use the ocean highways for peaceful commerce.

The sooner we come to the conclusion that we are at war the better. More than 125 Americans have already perished since the President's order to "shoot first." But that is far short of sending an expeditionary force aboard. If we can bear our part in this world holocaust by supplying our belligerent friends with everything they need in the way of arms and munitions, we shall be that much better able to deal with the problems of supplying and feeding all nations when peace comes.

To those that shout that we should be marching shoulder to shoulder with Great Britain, that we should scorn to let others fight out battles, let us reply with a calm question: Who started this war? Who gave away the rights of Czechoslovakia in order to have "peace in our time." It was not the United States, And again, who was it signed a pact with Germany in order to save his own lousy hide? It was a fellow named Stalin He needs our help now and he's getting it, not because we love him or think he has grown suddenly saintly, but because your Uncle Samuel while willing to let him sweat for his mistakes, is shrewd enough to supply the tools so that he can beat off the greater aggressor. For whatever Schicklegruber suffers in defeat, victory or stalemate, is that much to the good, from the American standpoint.

TRIO KILL BEAR NEAR OMEGA

Sheriff Carl J. Tobiassen of Nevada County, Sheriff Dewey Johnson of Sierra County and Elwyn Mulcahy of Grass Valley bagged a bear yesterday near the Omega Mine.

The kill was made after the dogs had trailed the bear for a considerable distance.

Because of the inaccessibility of the region, the men were unable to pack the bear to their car. They skinned the animal and brought back the hide. The dogs had a feast on some of the bear meat proving the theory that dogs will not eat bear meat a fallacy.

Historian Surprised To Find Man Had Been Hung Where He Resides

H. P. Davis, who is compiling a history of Nevada City, was surprised to learn that the last man hung in the state for grand larceny swung from the gallows right where he (Davis) is now living on Boulder Street and Park Avenue.

The execution took place on Friday, July 16, 1852. The man's name was John Barrett. The year following Barrett's hanging the law providing the death penalty for grand larceny was repealed.

"Barrett, who had previously been whipped at Newtown for stealing and driven out of the county," Davis stated, "was caught robbing some cabins at Coyoteville. He was also suspected of an assault on Miss Carrie Bowers.

"He was indicted by the grand jury for grand larceny, namely the theft of $357 and found guilty and the death penalty attached to the verdict.

"The gallows on Park Avenue and Boulder Street was guarded by a posse of lawyers summoned by acting Sheriff Endicott, who acted as executioner"

YELLOWJACKETS FAVORED TO BEAT GRASS VALLEY

The Nevada City High School Yellowjackets for the first time in years find themselves favored to down Grass Valley High School in the annual "big game" football classic between the two teams tomorrow.

The game will be played at Hennessy Field in Grass Valley. It will start at 2:30 o'clock.

Coach Ed Frantz' Yellowjackets have established themselves as favorites through an impressive record for the season while Grass Valley has had a poor season. However, anything can happen in the annual struggle between the two squads and the fans are promised two hours of exciting entertainment.

Players who will see action for the Nevada City eleven are Howard Watkins, Bob Farmer, Edwin Furano, John McCarthy, Clement Henwood, Floyd Ruth, Bill Laird, Warren Smith, Erwin Warren, Fred Angelini, Kenneth Worthley, George Marinkovich, Howard Ronnigen, Giano Benuzzi, Dick Evans, Dick Austin, James Morrison, Ben Barry and Angove.

The Nevada City B team lost Saturday 20 to 7 to the Grass Valley B outfit. The locals led 7 to 0 at the half but Grass Valley scored three touchdowns in the last half to win.

In the second half the Grass Valley team was forced to abandon the celebrated T formation which brought them the Sierra Foothill League championship, and won on straight football plays.

CHICKEN HOUSE DESTROYED

Volunteer firemen as well as curious spectators responded to the fire call last night on Main Street. A chicken house in the rear of the Mrs. Louise Meyers residence, opposite the David Lamson residence, burned.

The fire trucks were quick in arriving at the scene and kept the flames confined to the chicken house.

Scores of local "fire followers" were on hand for the excitement. The fire occurred at 8 o'clock last night.

Red Cross Soliciting Opens Here

HOUSEWIVES ASKED TO BE COURTEOUS TO WORKERS

Although Nevada City's Red Cross Roll Call will not open officially until tomorrow, some workers began solicitation today. Housewives are asked to give prompt, courteous reception to solicitors, thus doing their part in forwarding the work of the roll call committee.

The committee has announced in addition to the solicitors previously named Mrs. Emily Tyler will assist Mrs. Champie on Wet Hill, Miss A. Marsh will aid Mrs. Will Young; Mrs. Deschwanden will assist Mrs. Mitchell and Mrs. E. Berger, and Mrs. chell and Mrs. E. Berger and Mrs. Charles Genasci will assist Mrs. Theodore Nelson in the Willow Valley district.

Workers in the Nevada City Chapter of the Red Cross are advised that all adults who contribute one dollar or more are entitled to membership with emblem pin and window card.

Please note that tomorrow being a holiday, there will be no work in the production department of Nevada City Chapter and that following the day, workers on the Roll Call may leave their reports in the office at the City Hall where members of the committee will receive them.

Contributions of less than one dollar do not entitle contributor to either pin or card but they may receive the chapter receipt for the amount.

There will be no general assembly of workers prior to the opening of solicitation, it was announced.

The attractive display in the window of the Alpha Store will be shipped to a Veterans Hospital in California. The production committee is proud of these articles in this quota and have given special attention to these items, hoping that comfort and cheer will radiate from the handiwork so willingly produced.

Acknowledgement is made of 28 boxes for Christmas gifts for foreign children. These were sent by the Truckee branch of Junior Red Cross to augment those shipped from this district under supervision of local teachers. Assembling these articles has been a pleasant activity to local juniors, who, under leadership of Isabel Hefelfinger, are being trained in community projects to take their part in future civic affairs.

City Council Considers Many Proposals; Cuts Local Water Rates

MRS. MABEL HAMILTON PRESENTS PETITION TO BOARD PROTESTING AGAINST HOT MILL ON BROAD STREET

A great many minor problems occupied the time of the city council at its meeting Thursday night.

Of news to water users was the reducing of the monthly water rate from $2 to $1.75.

The council deferred action on a petition of Broad Street property owners protesting against "unbearable" noise made by Harold Haley's "hot mill."

The petition was presented by Mrs. Mabel Hamilton, store and apartment owner. She said the noise from the "hot mill", located in an old brick building directly opposite her property, has made it impossible to rent her apartments. She stated the noise even continued at nights and residents of that district found it impossible to sleep.

Mrs. Haley was present at the

Forest Hill Meeting Of California Hydraulic Miners Well Attended Yesterday

Approximately 100 members of the California Hydraulic Mining Association attended yesterday's meeting here and the luncheon which precered the meeting.

Assemblyman Allen G. Thurman of Colfax reported the association's plan to sponsor a bill in the legislature providing for mining advisors in counties where desired is gaining favor. Senator Jesse Mayo and Jerrold Seawell were announced as in favor of the plan.

The hydraulic association members discussed the agreement between operators and the North Fork Ditch Company, setting the season for hydraulicing behind the North Fork Dam between November 30th and April 30th.

Colonel Warren Hannum and Col. Robert Hunter of the Calif. Debris Commission were at the meeting. The next gathering will be held either at Nevada City, North San Juan or North Bloomfield.

VEGETABLE SEEDS SENT ENGLAND APPRECIATED

Several weeks ago Mrs. Hawke of this city collected from many residents varities of vegetable seeds, following the appearance of an article in the Country Gentleman that Britain was in need of these seeds. Besides many individual gifts of seeds $12 in cash was received and used to purchase more. In grateful acknowledgment of this gift the following letter has been received:

Dartington Hall, Totnes, S. Devon, England, Oct. 5, 1941.

Dear Mrs. Hawke:

Thank you very much for your kind letter and for the lovely packets of seeds you sent from the people of Nevada City. They have been most deeply appreciated, especially the onion seeds.

Apparently we imported a great many of our onions from France in the past. The French sailors used to go from door to door along this coast with long strings of them on their backs, as I expect you know.

The American seeds seem to be very good indeed and to like the English soil. Please thank everybody from me on behalf of all those who have received them. We are truly grateful. Yours sincerely

MARGARET SHERWOOD.

P. S. Old clothes are much appreciated, any size, shape or sex. And the little packets of cocoa have been very much appreciated.

PRISK FAMILY GIVES $7,500 FOR HOSPITAL

The Grass Valley Memorial Hospital has ackowledged receipt from W. F. Prisk and Prisk Brothers, Incorporated, a very generous contribution of $7,500 to the endowment of the hospital in memory of the late Charles H. Prisk, former prominent Grass Valley resident and associated with W. F. Prisk in the newspaper business.

W. F. Prisk had been reluctant to make public the endowment but the board of the directors of the association felt that the Prisk family is entitled to public recognition of their generosity.

Edgar T. Zook, secretary of the hospital association, said the fund has been set aside in a special deposit, to be devoted to the purchase of furnishings or equipment for the hospital upon its completion, and at that time the board of directors of the hospital will cause a suitable placque to be installed in the hospital building.

The directors have expressed to the Prisk family very sincere appreciation for the gift. The directors believe Nevada County residents will also express appreciation for the endowment.

In the meanwhie, work is proceeding steadily on the hospital construction with the likelihood during the winter months the interior will be decorated and probably furnished. The task of placing the many windows in the hospital is nearly completed.

Bank, Courthouse, City Hall, Schools, Most Business Houses Closed Armistice Day

The majority of Nevada City business houses will close tomorrow in observance of Armistice Day. The city hall and the courthouse, title company and the bank will be closed.

In view of the fact stores in Sacramento, Marysville and other cities in Northern California are remaining open, the Hague-Thomas-Hegarty Post of the American Legion, which annually sponsors the Grass Valley-Nevada City Armistice Day celebration, do not feel any firm should be forced to close.

However, many businessmen in the two communities believe the occasion is one for observance and accordingly are closing for the day.

Those remaining open believe they owe it to their customers to be in a position to serve them, inasmuch as the holiday is the day following pay day in the mines.

All the mines in the county except the Lava Cap will suspend operations for Armistice Day. Work at the Lava Cap is optional. Armistice Day is a holiday under the contract between the operators and the Mine Workers Protective League, bargaining agent for the remainder of the mines.

The center of activity for the celebration tomorrow will be Grass Valley. A patriotic parade is scheduled to start at 10 a. m. Nevada City veterans, school children and the Nevada City High School band will participate.

Following the parade there will be patriotic exercises at the Veterans Memorial Building in Grass Valley. This will be followed by a sports program at Hennessy Field for the children of the two communities.

The annual football classic between the Grass Valley and Nevada City High School football teams will be played at Hennessy Field in the afternoon following flag raising exercises by the veteran organizations.

In the evening the annual Hague-Thomas-Hegarty Post banquet for veterans will be held in the Veterans Memorial Building. At the same time the veteran's organization auxiliary will hold a banquet in the Bret Harte Inn.

The day's events will close with the annual Armistice dance in the Veterans Memorial Building.

BADGE OF PATRIOTISM

Because of greatly increased responsibilities in the nateional defense program the Red Cross has appealed to the nation for a 1941 membership comparable to that of the First World War when more than 18,000,000 adult Americans gave their support. Membership in the Red Cross is more than a sentimental indorsement of good will. The entire machinery of Red Cross peace time operations has been geared into a vital part of our miltiary and civilian defenses. Red Cross membership dollars thus far transformed into a tangible means of protecting the American way of life.

The American Red Cross is on the job with the Army and Navy here and abroad, providing an important link of communication between the service man and his family back home. With 2,000,000 men under arms this task has grown almost tenfold. The corps of Red Cross field directors is assisting with experienced counsel and with financial aid to solve the problems of our service men and their families back home.

Red Cross volunteers are giving their blood for emergency transfusions in the Army and Navy. In the coming year some 10,000 Red Cross nurses will have been inducted for military and naval service. Uniformed volunteers are nearing completion of 40,000,000 surgical dressings requested by the Surgeons General of the Army and Navy.

For its part in the civilian defense program, the Red Cross has undertaken the training of 100,000 Nurse's Aides, an auxiliary corps of volunteers to help relieve the current shortage of registered nurses. During the coming year 1,000,000 men and women will be taught Red Cross first aid as a civilian preparedness measure. Disaster relief preparedness is being widened to meet the challenge of sabotage, fire, explosions and to stand as a backlog of readiness in the event of sporadic bombing or armed invasion. Nutrition and Home Nursing courses will be extended to additional thousands as protective health measure.

These are the reasons why the Red Cross asks your support this year. Your membership button is a badge of patriotism, a way you can express your belief in America.

THE EDITORIAL CIRCUIT

(A symposium of editorial comment from California newspapers)

Even the most optimistic American must be convinced by the sinking of the U. S. S. Reuben James that this nation is not at peace though there has been no declaration of war, in the opinion of California editors.

Time alone will reveal America's reaction, but certainly, they declared, it must not be abandonment of the traditional policy of freedom of the seas.

Sinking of the destroyer, contends the Bakersfield Californian, "brings to a practical issue the position of United States and its policy of freedom of the seas, and the German declaration that it will sink any vessel protecting or carrying aid to its enemys. 'American ships' Berlin says 'have no business entering the war zone' and the 'war zone' is anywhere Germany says it is. In other words all this means that Germany takes the attitude of telling any country whether or not it shall send its vessels to sea. This German claim to mastery of the seas and dictatorship over ocean commerce is not one that the United States can admit."

"Since our navy had been given orders to shoot at Hitler's boats," notes the Hollywood Citizen News, " it was reasonable to expect that Hitler might do a little shooting at our boats. Hitler's destruction of our destroyer is evidence that Hitler recognizes that he and Uncle Sam are at war with each other. The quicker that Uncle Sam's nephews and nieces recognize the same fact the better it will be for this country."

Berlin's declaration that Uncle Sam started the shooting, according to the Berkeley Daily Gazette, "is merely a colossal bluff intended to prove to Tokyo that the time has arrived to live up to the triple alliance commitments. No wonder Berlin began to shout, for it is very risky business for Hitler to send American ships to the bottom of the sea if he cannot secure Japanese assistance by drawing our fleet into the Pacific."

What must American reaction be, queries the Vallejo Times-Herald, answering:

"Fury—cold fury, the kind Admiral David Farragut could know when he shouted 'damn the torpedoes!' But there must be faith, too, faith in our leadership. We must keep our feet on the ground. We must wait for our commander in chief who has the facts and all the facts—to tell us those facts, and then lead us into action."

And, points out the Orange Daily News, "there was a time when the sinking of an American warships would have sent a wave of rage surging through the country. Now it appears to mean no more than big headlines. The reaction to the latest incident in the naval war is not wholesome. It would seem that the management of public opinion in the country has been badly handled."

Urging support for President Roosevelt's foreign policy the Richmond Independent notes "the president's plan, at the beginning and ever since, has been to extend all-out aid from this country to the nations battling against Hitler. This aid is in the form of shipment of materials of war. Under this policy the United States is not declaring any war. It is merely defending the goods and materials manufactured by American workmen for nations overseas with which they are in sympathy. Casualties to American ships and men in any action are the cost of defending the freedom of the seas."

Declaring the Nazi practice "is no better than piracy," the Long Beach Press Telegram concludes "it does not make a great deal of difference in the Atlantic whether or not Germany decides to force a state of declared war on the United States," adding:

"Declaring the war will not make the Nazi submarine more dangerous, or effect one way or the other the efficiency of the American naval patrol. Either way the United States navy will continue to protect shipping between America and Iceland, and either way the U-boats will continue to try to stop delivery of the goods by attack on the cargo ships and their escorts."

Nevada County Share In Gas Tax Is $19,590

SACRAMENTO, Nov. 10.—(UP)—State Controller Harry B. Riley today apportioned $15,460,786 in gasoline tax funds, the largest quarterly division of revenue from that source ever made.

The amount was 11 per cent higher than the previous record set in the fourth quarter of 1940.

Of the total, $5,153,595 or one-third, went to California's 58 counties. The remaining $10,307,191 was deposited in the state highway fund from which $2,576,798 will be allocated by the division of highways for highway construction and maintenance within cities. A total of $7,730,393 will be spent on the state highway system.

Nevada county's share for 7,994 vehicles was $19,590.

Gasoline tax collections for the quarter ended Sept. 30, totaled $16,664,831 Riley said. Brokers and producers' licenses and other miscellaneous revenue netted $1,271. However $1,156,204 from the gross revenue was refunded to purchasers of gasoline not used on public highways.

MORE ABOUT COUNCIL

(Continued from Page One)

meeting and informed the council increased business made operation of the mill at night necessary. She said, however, that new machinery had been ordered and when it arrives production would be speeded up and the night work will be eliminated.

The council appeared reluctant to curb the activities of the "hot mill" which is working on some national defense orders and at the same time sympathized with Mrs. Hamilton and the petitioners. The council believed the arrival of the new machinery would satisfactorily end the dispute. Mrs. Haley said as soon as a suitable location could be found outside the business and residential district the "hot mill" will be moved.

Mrs Belle Douglass appeared before the councilmen and asked that No. 1 firehouse be reconditioned. She said the belfry is in bad shape and is liable to fall and kill or injure someone.

Councilman John R. Ivey recalled that the council sometime back had given orders for the razing of the old firehouse.

Mrs. Douglass said to destroy the building would be a "terrible thing to do."

She stated that many artists and people from all parts of the state and elsewhere come here to see the historic building. She said often they visit with her to obtain information on the history of Nevada City and all of them urge that the "old style of Nevada City be preserved." She said to them the razing of the old building is to "destroy your town."

Mrs. Douglass said she appeared before the council in her own behalf and was not officially reresenting any organization.

A delegation, with H. E. Kjorlie acting as spokesman, requested the extension of Calvary Street. The council informed the delegation George Keller, who owned the right of way for the street extension, wanted $250, which the trustees considered too much.

The board took the position if the right of way could be obtained for $150 or less it is probable the extension could be done.

There was some discussion at the meeting of reducing the police force after the first of the year but no action was taken.

The council received a list of the active members of the local fire department and the active members listed will be covered by insurance.

The active members are:

Nevada Hose No. 1: C. W. Chapman, Byron Landrigan, M. D. Coughlin, W. S. Williamson, Otis A. Hardt, A. J. Rore, L. W. Marsh, Donald Steger, E. J. Ott, William C. Perry, William H. James, Carl G. INTERNATIONAL SQUADRON ON SCREEN TUESDAY

"International Squadron," the thrill packed film saga of the RAF's most colorful branch, will be the next feature attraction at the Nevada Theatre where it will open on tomorrow. Poles, Norwegians, French, Czech, Belgian fliers, men without a country, have joined Britain's air force and the courage and daring of their exploits, which have thrilled the world, are now excitingly relived on the screen in this fine new motion picture.

60,000 CALIFORNIA HOUSEWIVES COOK ELECTRICALLY

Mrs. Thomas said to Mrs. Brown:
"Doesn't your electric range cost quite a bit to operate?"
Mrs. Brown replied:
"That is something I never think about. We use electricity for many services in the house and use a lot of it. I have never thought of cooking just by itself. I know it cannot be very much."

Mrs. Brown is like many housewives who cook electrically. When she added an electric range to her many electric servants in the home, her electric bill did not take an expensive jump. The reason is that the cost of electricity drops as more and more kilowatts are put to work.

In the average home electric servants sweep rugs, refrigerate foods, toast bread, mix cakes, bake waffles, brew coffee, give entertainment, tell time, light all rooms, wash and iron clothes and perform many other odd jobs. To cook electrically is a logical and economical next step. The electric range operates on the lower and cheaper rate blocks of electricity. THAT is the big reason why average monthly operating cost of electric cooking for 60,000 P. G. & E. customers is only $2.33.

You can cook three meals a day on an electric range for an average of 7¾ cents a day. That is less than 3 cents per meal. Or if you use the thrifty deep-well cooker on a modern electric range, you can cook a wholesome big dinner for 2 cents. No matter what fuel you use...THAT is low-cost cooking.

It is just human to think of the total amount of the monthly electric bill as ALL cooking. But electricity does many things in the home. Cooking ALONE...by itself...is only one part of the electric bill.

Look at These Savings, too, that an Electric Range gives you!

It's automatic. You set temperature and time controls and cook an entire meal, even though you have gone to town shopping, miles away. It's clean. Automatic cooking eliminates the need for last minute frying or rush boiling that fills the kitchen with grease and steam. That's why electric cooking saves kitchen drapes and painted walls and cabinets.

It saves food money too. Vegetables are prepared with waterless cooking. Meats cook at low temperatures to tenderize less expensive cuts and hold in flavorful and healthful vitamins.

Switch to Electric Cooking for Economy and Convenience.

With other costs of living rising electricity is as cheap as ever. The new electric ranges use it sparingly. They are not high-priced to buy now. You will find just what you want priced to fit your purse and budget. You can still buy on installment terms. See your dealer today about a new electric range. Once you use an electric range you will never want to cook on any other type of stove.
